**RE: Paint Works Seep Area Workplan**  
**The Paint Works Corporate Center**  
**Gibbsboro, NJ**

Dear Ms. Capichioni:

I am in receipt of the above Work Plan dated March 10, 2003. At this time I do not have any comments. However I do anticipate there being modifications to the plan based on conditions of the site once the work is being site conditions. This plan meets the requirements of the Notice To Responsible Party Under CERCLA and SARA dated April 29, 2002. However, this approval is only given for the removal program and does not preclude any requirements under EPA's remedial program in the future.

Please notify me in advance when site activities are scheduled to begin, so that I can arrange my schedule to be present and arrange for contractor support on site. Thank you for your cooperation and I look forward to working with you. If you have any questions do not hesitate to call.

Respectfully,
